

A man with a beard and safety glasses is using a STIHL hedge trimmer to trim a large bush in a garden. He is wearing a grey long-sleeved shirt and black gloves. In the background, there are various plants, including purple flowers and a house with windows. In the foreground, there is a green wheelbarrow containing a chainsaw, a trimmer, and a helmet.

PETROL CUT-OFF CHAINSAW

	BAR LENGTH (CM/INCH)	DISPLACEMENT (CM ³)	POWER OUTPUT (KW/HP)	WEIGHT (KG)	ORDER NUMBER	MIN ORDER	RRP INC. GST
 GS 461 40CM/16"	40/16	76.5	4.3/5.8	7.6 ^{^^}	4252 200 0060	1	\$2,599.00

i NOTE: THE GS 461 KIT IS NOW BEING SUPPLIED WITH NEW BAR & CHAIN. NEW GUIDE BAR 3006 000 1213 IS SUITABLE FOR BOTH CURRENT (3210 & 3213) CHAINS. GUIDE BAR 3006 000 1213 IS ONLY SUITABLE FOR CURRENT (3210) CHAINS.

DIAMOND CONCRETE CUTTER CHAIN

	DESCRIPTION	ORDER NUMBER	CASE QTY	MIN ORDER	RRP INC. GST
 36GBE	40CM/16" INC SPROCKET	3214 000 0064	20	1	\$281.00
 36GBM	40CM/16" INC SPROCKET	3213 000 0064	20	1	\$766.00

NOTE: GBM - good for harsh and abrasive environments - has a tooth on every link - not good for use in soft conditions as rivets will wear out before teeth - not economically viable in these conditions.

GBM good for: Concrete - reinforced concrete - bricks in general - masonry - stoneware pipes - abrasive rock* such as asphalt and building blocks (sandstone) - hard rock, granite*

GBE - Better for use in soft conditions - is a skip chain design to keep cost lower, with less teeth they will wear at same rate as tie straps and rivets. GBE is particularly suitable for cutting the following material:
 - Abrasive stone, e. g. asphalt and bricks (sandstone) Moreover, the following materials can also be cut:
 - Concrete - Reinforced concrete - General blocks

*Reductions in performance and service life possible

TRADING INFORMATION

STOCK RETURN POLICY

Application for return

- i. Complete a STIHL Stock Return Application (RMA) via the STIHL B2B system.
- ii. A Stock Return Authorisation or rejection will be emailed back to your store within 48 hours. It is possible that only some lines may be approved.
- iii. A Returns Label will be emailed to you when a Returns Application is approved, detailing which warehouse the goods must be shipped back to.
- iv. It is up to the dealer to organise and pay the cost of freight to return the goods to the nominated warehouse, unless STIHL has supplied incorrectly.
- v. A copy of the approved Stock Return Application must be included with the boxed goods.
- vi. The following stock return codes are to be used when creating a Stock Return Application:

A - Dealer Ordered Incorrectly; B - Dealer Duplicated Order; or C - Incorrectly Supplied by STIHL

Stock rehandling charge

All returned items, except for items supplied incorrectly, will be subject to a 15% rehandling charge. The charge is calculated on the product value.

Timeliness of return

Return Stock Applications are to be submitted to STIHL Customer Service via STIHL B2B no later than 14 days after invoice date. Applications made after 14 days may be accepted but will be subject to a 25% rehandling charge.

Stock not eligible for return

STIHL is unable to accept the return of the following stock items when they have been supplied in accordance with the dealer order:

- i. Items of original equipment, eg. chainsaws, brushcutters, etc.
- ii. Items of accessories e.g. guide bars, PPE, nylon, etc.
- iii. Oils and lubricants
- iv. Promotional items, e.g. brochures, clothing and merchandise
- v. Items which have been superseded or are no longer available at STIHL
- vi. Items that have a dealer cost of less than \$30

Condition of returned items

Items must be in as new condition with all supplied fittings and in their original, undamaged packaging showing the STIHL part number / barcode on the outside. A copy of the RMA authorisation must be included with the items being returned.

Verification of returned stock

STIHL will verify all returns to ensure correct paperwork and return requirements are met. Any items with missing or incomplete paperwork, or not in original condition, will be returned to the dealer with freight 'collect'.

Issue of Credit Note

STIHL will issue a Credit Note to the dealer's account within 5 days of the product being received in the STIHL Warehouse, providing return conditions are met.

Unauthorised returns

Any unauthorised returns will immediately be sent back to the dealer with freight 'collect'.

Goods supplied incorrectly by STIHL

STIHL will accept the return of any items incorrectly supplied, provided they are in good condition and original packaging. STIHL will accept the freight costs of these items. Please contact Customer Service in these cases.

Mispicks, short supply or oversupply of goods

If you receive a short supply, incorrect supply or oversupply of goods, please contact Customer Service within 24 hours of delivery to arrange a correction.

Goods damaged in transit

Contact Customer Service as soon as damaged goods are received. They will assist you on next steps.

DOUBLE YOUR WARRANTY WITH STIHL MOTOMIX® OR HP ULTRA 2-STROKE OIL*

***BUY ONE 1 LITRE BOTTLE OF HP ULTRA OR 4L OF MOTOMIX® AND DOUBLE YOUR STANDARD WARRANTY FROM 2 TO 4 YEARS.**

The 'Double Your Warranty' promotion is designed for you to increase your customer's warranty by a further 2 years, whilst ensuring they use a high quality oil/fuel to get the best experience with their STIHL product.

Your customer's warranty will be extended when they purchase a 1 litre bottle of STIHL HP Ultra 2-stroke oil or minimum 4 litres of MotoMix®.

The product and lubricant/MotoMix® must be purchased at the same time.

Complete the warranty registration at the time of purchase and confirm that the customer has qualified for the double warranty. The STIHL Standard 'Double Your Warranty' offer is valid on homeowner and landowner petrol powered products (as listed below) that are only used in non-income producing or non-commercial applications. Battery and electric powered products do not qualify.

TOP TIP

Enter the customer's details into Global B2B at the time of the sale and print the warranty registration for the customer to take with their new purchase. If they 'opt in', they can receive important updates from STIHL via email.

STIHL CONNECTED

GAINING MOMENTUM IN AUSTRALIA

AVAILABLE TO TRAINED AND REGISTERED DEALERS

EXPERIENCE THE FUTURE OF OPE SERVICE AND SUPPORT WITH STIHL CONNECTED

After the successful introduction of STIHL connected to over 70 dealers across Australia, the STIHL connected system is available to all dealers willing to participate in the program.

Simply contact your Territory Manager to learn more about the training and registration required to qualify for the program.

Once you are set up as an approved STIHL connected dealer, you can leverage the existing suite of LAM assets to promote this to existing and potential customers in your community.

**STIHL
CONNECTED**

CHECK OUT ALL THE ADVERTISING ASSETS

To download all advertising assets (along with a guide for their usage), scan the QR code or download via the homepage icon in WaiveNet.

STIHL SMART CONNECTOR

- Records and saves operating hours
- Transfers data to a smartphone or tablet via Bluetooth (up to 10m range)
- Applicable for petrol, electric and battery tools as well as third party equipment such as ride on mowers and generators

STIHL APP

- Collects data from the tool and transfers it the STIHL cloud via WiFi or mobile network
- Lists scheduled maintenance
- Issues 'out of service' warnings

- A central data hub for the STIHL connected system
- Data protection regulations apply
- Securely stored (Europe)

STIHL CONNECT PORTAL

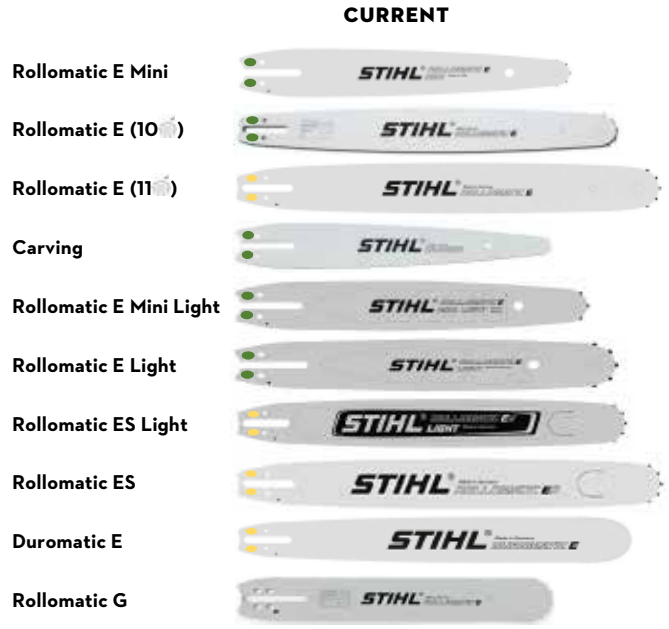

- The tool data is available to the customer
- Analysis of tool usage
- Last seen location
- Tool allocation to user
- Schedule maintenance
- Comprehensive fleet management

NEW GUIDE BAR DESIGN

NEW DESIGN HIGHLIGHTS:

- With the new design comes new naming
- All technical features remain unchanged
- The order number of all guide bars remains the same

OVERVIEW NEW GUIDE BAR DESIGN

Note: The printed design of the STIHL guide bars is changed. The change is made successively. During the transition period, both printed designs will occur. Until the complete conversion to the new design, the previous designation will be retained. The part numbers will not be changed.

Colours:

- Green: Green marks the products which are designed to reduce the risk of kickback injury and to comply with the ANSI B175.1 kickback standard. These products are recommended for both experienced and inexperienced chain saw users.
- Yellow: Products marked yellow indicate increased risk of kickback injury and are for use only by persons with extraordinary cutting needs and experience and specialized training for dealing with kickback.

Bar type and features:

- Light: 3-piece laminated guide bar
- Light X: Lightweight solid guide bar with an aluminum core and replaceable bar nose
- Strong: Solid guide bar
- Carving: A high quality guide bar for carving
- G: Solid guide bar with water supply (for concrete cutters)
- S: Solid guide bar with carbide reinforcement at the bar tip
- X: Exchangeable sprocket nose
- P: Lightweight guide bar with fiberglass-reinforced polyamide
- 01/04/06: Number of rivets in the sprocket nose

Handwriting practice area with horizontal dotted lines.
